FALL CANSKATE PROGRAM

CanSkate is a dynamic learn-to-skate program that focuses on fun, participation and basic skill development. Based on Sport Canada's long term athlete development (LTAD) principles, CanSkate centers on physical literacy and the fundamental skills needed to take part in any ice sport or to skate as a recreational activity.

This 4 week program offers instruction from NCCP trained professional coaches and program assistants. Skaters progress at their own rate and coaches make sessions active using teaching aids, upbeat music and a wide variety of activities that create a motivational environment and promote learning. Badges, ribbons and other incentives are used to benchmark skaters' progress and reward effort and participation. All you need are skates, a CSA-approved hockey helmet, long pants, mittens, warm sweater or jacket.
